

UC Berkeley Extension

POSITION ANNOUNCEMENT

Instructor – Data Science Principles and Practice using Python

Location:

San Francisco Bay Area, CA

Job Summary

UC Berkeley Extension, the professional and continuing education division of the University of California, Berkeley, is accepting applications for classroom and online instructors for courses in Data Science Principles and Practice using Python. UC Berkeley Extension's programs and courses in Technology and Engineering provide the innovative training students need to thrive in today's dynamic market. Teach for UC Berkeley Extension's Technology and Engineering department and enjoy the rewards that come with sharing your expertise with our highly-motivated students.

Responsibilities

We are currently seeking classroom and online instructors with expertise in the following areas:

- Data science
- Data collection, exploration, and cleaning
- Data storage and retrieval
- Data modeling and model evaluation
- Reporting and data visualization
- Machine learning
- Deep learning
- Python (NumPy, pandas, IPython, matplotlib, Scipy)

The length of employment is by agreement and based upon the course section schedule. Courses are offered in Berkeley, San Francisco and online.

Qualifications

- Bachelor's degree in a related field of study required (Master's degree preferred).
- Three or more years of professional experience as a Data Scientist using Python required.
- Prior teaching experience preferred.

To Apply

Submit cover letter and resume or CV to extension-jobs@berkeley.edu.

All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the UC Berkeley statement of confidentiality (<http://apo.berkeley.edu/evalltr.html>) prior to submitting their letters.

About Us

UC Berkeley Extension, the professional and continuing education division of the University of California, Berkeley, has been building bridges between UC Berkeley and the public since 1891. As a self-supporting unit, Extension brings the research, scholarship and mission of UC Berkeley to regional, national and global audiences. Through flexible scheduling, competitive pricing, and innovative online delivery, UC Berkeley Extension serves the professional and continuing education goals of thousands of U.S. and international students each year.
