Sufficient financial resources must be shown to be available to the individual who is taking financial responsibility for the student while the student is studying in the United States. These resources are to be in excess of the student’s total fees and estimated expenses; see the chart below. The financial statement must be no older than 90 days from the date the application is submitted. Students who defer admission to the next term must submit a new financial statement.

If family members will be accompanying the student to the United States, please increase the total estimate by $600 per month for the student’s spouse and $400 per month for each of the student’s children. Figures below are in U.S. dollars.

*This estimate is based on shared housing and the use of public transportation. If you rent your own apartment or have a car, your expenses may be higher.

Note: Your financial statement and certification must demonstrate that the dollar amount in “Total fees and estimated expenses” is available in your account. All fees are subject to change without notice.

### Program Fee Payment

After you are accepted, you will receive an email invoice and instructions on how to pay your fees. Fees are due 30 days prior to the start of term. We will not be able to reserve a space in your designated program if your program fee is not received by the deadline. Receipt of the program fee in a timely manner is the full responsibility of the student.

### Organizational Sponsor’s Funds

If you are sponsored by an organization, upload a letter from your sponsor describing which expenses the sponsor will pay and fill out the following:

- Name of organization (company, agency, foundation or government)
- Sponsor’s letter attached
