POSITION ANNOUNCEMENT - INSTRUCTOR – INTRODUCTION TO BIG DATA

JOB TITLE:
Instructor - Introduction to Big Data

LOCATION:
San Francisco Bay Area, CA

UC Berkeley Extension, the professional and continuing education division of the University of California, Berkeley, is accepting applications for instructors of introductory courses in Big Data. Teach for UC Berkeley Extension’s Technology and Engineering department and enjoy the rewards that come with sharing your expertise with our highly-motivated students.

We are currently seeking experienced instructors with expertise in the following areas:
- Big Data systems
- Lambda architecture
- Real-time processing of huge data sets
- Hadoop, Spark, Storm, NoSQL, SQL
- Large scale data analysis
- Machine learning

UC Berkeley Extension’s programs and courses in Technology and Engineering provide the innovative training students need to thrive in today's dynamic market. Courses are offered in Berkeley, San Francisco; and online.

QUALIFICATIONS:
- Bachelor’s degree in a related field of study required (Master's degree preferred).
- Three or more years of professional experience in big data.
- Prior teaching experience preferred.

TO APPLY:
The length of employment is by agreement and based upon the course section schedule.
Submit cover letter and resume or CV to extension-jobs@berkeley.edu.

All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the UC Berkeley statement of confidentiality (http://apo.berkeley.edu/evalitr.html) prior to submitting their letters.

ABOUT US:
UC Berkeley Extension, the professional and continuing education division of the University of California, Berkeley, has been building bridges between UC Berkeley and the public since 1891. As a self-supporting unit, Extension brings the research, scholarship and mission of UC Berkeley to regional, national and global audiences. Through flexible scheduling, competitive pricing, and innovative online delivery, UC Berkeley Extension serves the professional and continuing education goals of thousands of U.S. and international students each year.
