POSITION ANNOUNCEMENT – R PROGRAMMING INSTRUCTOR

POSTING TITLE:
Instructor – R Programming

LOCATION:
San Francisco Bay Area, CA

DESCRIPTION:
UC Berkeley Extension, the professional and continuing education division of the University of California, Berkeley, is accepting applications for classroom instructor for its R Programming course. Use your knowledge and experience to make a real difference in people’s lives. Teach for UC Berkeley Extension Technology and Engineering and enjoy the rewards that come with sharing your expertise with our highly motivated students. UC Berkeley Extension Technology and Engineering needs experienced instructors with expertise in the following areas:

- R Programming
- Statistics
- Analytics and Machine Learning
- Exploring and Visualizing Data

UC Berkeley Extension's programs and courses in technology and engineering provide the innovative training students need to thrive in today’s dynamic market. Get the latest approaches in business intelligence, analytics, databases, electrical engineering, integrated circuits, technology leadership and management, software development, and technology fundamentals. Classes are held in the evenings or weekends at 160 Spear St., San Francisco; and 1995 University Ave., Berkeley.

QUALIFICATIONS:
- Bachelor’s degree in a related field of study, a Master’s degree is preferred.
- Three or more years of professional experience in R Programming.
- Prior teaching experience preferred.

TO APPLY:
Appointments are by agreement for the length of the academic term. Send letters of interest, course proposals, and resumes or CV’s to jobs-unex@berkeley.edu.

All letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the UC Berkeley statement of confidentiality: http://apo.chance.berkeley.edu/eval1lr.html.

ABOUT US:
UC Berkeley Extension, the professional and continuing education division of the University of California, Berkeley, has been building bridges between UC Berkeley and the public since 1891. As a self-supporting unit, Extension brings the research, scholarship and mission of UC Berkeley to regional, national and global audiences. Through flexible scheduling, competitive pricing, and innovative online delivery, UC Berkeley Extension serves the professional and continuing education goals of thousands of U.S. and international students each year.
